

Thanks Tim,
Feedback:

On first presentation I was very impressed by your integrity, sound knowledge and excellent resources. As we progressed through the stages of renovation these three areas exceeded my expectations. All Melpro staff were excellent and committed to getting the job done to a good standard. We will definitely continue our working relationship with Melpro for stage 2 of our renovation in the near future.

The completed renovation has been a wonderful experience of space, light and enjoyment!
Thank you Tim and All MELPRO staff.
