

Customer Testimonial

To whom it may concern

Hi Haydn/Darren/Tim,

We want you to know that we are very pleased with the quality of service your company provided to us over last 7 to 8 months. We sincerely appreciate your responsiveness and the way you conduct business. Over that period of time we have developed a very personal relationship with yourselves and other members of your company. We have great respect for Melpro Developers. Your professionalism and quality of workmanship are second to none. Your entire work provide that special feature in our houses that satisfy the discerning eye of not only us but also our friends and relatives. Great team work!!

We must mention and acknowledge the special dedication, commitment and passion which Darren carries is a rare commodity to find in any person these days. He is simply outstanding in his work and a very very nice person. We are proud to live in a house that is built by him.

We have recommended your company to others because of our satisfaction with your service.

We are releasing the final payment today and hopefully it should hit your account in a day or two. I have attached a few pictures of the house, which you must take pride to make it look as it looks in these pictures. Great job, team.

Thanks,
Praveen
