

## Customer Testimonial

### To whom it may concern

We have worked with Melpro Developments on three occasions over the past 4 years and have been delighted with their service, workmanship, project management and overall ability to deliver a great result. The Melpro team work extremely well to agreed timeframes and always kept us informed of any changes necessary to ensure we reached the outcome expected.

As a client with very high expectations we could not have been more thrilled with the last project Melpro completed for us. We have had many, many people compliment us and Melpro on the fantastic transformation of our home. We certainly highly recommend Melpro Developments as a firm you can trust to deliver a great result.

Regards,
